

I'm a Man, I'm a Black Man

hear me roar, from the deepest forest in West Africa

I'm Black Man, hear me growl

from the West Indies, to Europe

I'm a Black Man,

my babies here me in another continent

I'm feirce, I can run like the Gazzelle

I'm a Black Man

I'm a Hunter, I can't be killed

I'm a Black Man

my muscles are designed to push and pull great weight

I'm a Black Man

I love the Lord Jesus

I'm a Black Man

I'm a carnivour

I once devoured a Chicken, cartliledge, bones and all

I'm a Black Man

I survive at all cost

I can eat all weak, and not deficate. So that my enemy, can't track the smell of my Dung

I'm a Black Man

I am a Canibal

I will eat a human, if need be

I am a Black Man

I am Colorful

I'm a Black Man

I am compassionate

I'm a Black Man

I am intelligent

I can navigate the Stars, as I did when other culters were in loin cloth's

I'm a Black Man

I build Pyramids, when other culters were in loin cloth's

I am a Black Man

I nurture my babies

I am a Black Man

when I go down, your love will explode

I am a Black Man

I'm loving

I am a Black Man

when I go in, I hit bottom, every time

I am a Black Man
