

## Sometimes you just know.

Sometimes you just know when it's right for you.

Sometimes there is a strong vibration to move forward.

Sometimes there is just a feeling that you can't shake.

Sometimes it just feels right and I know that I must respond.

Sometimes don't need another sign to know.

Sometimes, the perfect situation is in front of you, and you're unsure.

Sometimes, the perfect person walks into your life and you you're unsure.

Sometimes, the perfect lady has entered your life and you know that she is an Angel sent from heaven to calm your storms.

Sometimes you are aware that your destiny is within your reach.

Sometimes you are so captivated by a woman that is the vision of beauty.

Sometimes you want her, and sometimes you need her more and more each day.

Then there are times that you have to wait for her.

Then, in your waiting you become stronger, more loving and patient and more compassionate.

Then you understand much better, that the waiting was necessary.

Then you learn that the waiting was designed to teach you how to sustain the relationship.

Then you say to yourself, that this is my time.

Sometimes, she appears to fulfill your joy and to help you to reestablish your placement and purpose in the universe.

Then, you know that the waiting is a test of your faith.

Then you want to see the manifestation of your dreams come true.

Then you know that she is the chosen one to walk into your destiny with.

Then, you're with her and you realize that your faith, and waiting has all been worth the wait.

Then you know that you have been prepared to serve her.

Then you're grateful and happy, knowing that the test of your faith was all necessary to be prepared for her.
