

## **Finally-**

Finally, today my joy has returned. Finally, my life has a purpose again. Finally my sorrow, has subsided. Finally, the thrill of being alive has come again. Finally, I am a Man again. Finally, I can begin to imagine life as it should be, again. Finally, I can feel my pulse again. Finally, I met her, and everything changed. Finally, GOD answered my prayers. Finally, I know that he heard me. Finally, it seems that she could fulfill all my desires. Finally, I want to take long walks again. Finally, I want to read to her, again. Finally, I want to sing ballads to her, again. Finally, I'll get my groove back. Finally, I'll become the best I can be, because of her. Finally, I want to be a gentleman, again. Finally, I feel so alive again. Finally, I want to give my Love again. Finally, I want to be in Love again. Finally, I can breathe again. Finally, I feel like I can fly again. And finally, because she has entered my life, I can hope for tomorrow again.
